

Portable Lap Top Bible/Book Holder

Claims

What is claimed is:

1. A portable lap top bible/book holder with desk top comprising:
 - (a) an expansion base member of molded lightweight plastic consisting of two duplicate right and left side sections with both sides having equal width and length measurements with two flat downward support legs of the contoured molded plastic on right and left outside ends of both base sections;
 - (b) a base with holder brackets permanently attached to open end of left base side in which the right base open end can be inserted into for use, or detached for easy transport; the brackets also allow the base member to expand to desired size in order to fit properly on user's lap;
 - (c) a flat durable desk top member of which the right side has a permanently attached top section which can hold writing pens, pencils and other items; left and right side of desk top member can be used for desk space;
 - (d) an upright slanted back non collapsible book holder member

is formed and attached permanently to desk top section.
